### Sanitation Container

#### **Capacity up to 1,200 lbs.**

Specifically designed for the punishing and harsh environment of today's sanitation container industry. These durable medium/heavy duty casters are constructed with less swivel lead and more vertical impact resistance. All swivel casters feature hardened, single ball raceway for extra strength, 3/4" orbital cold-forged king pin, standard grease fitting and grey epoxy powder coated finish. Note: These swivel casters are not intended to be used as a standard swivel caster in a normal, manual-powered push/pull application.

#### **Features**

- Specifically designed for the punishing and harsh environment of today's sanitation container industry
- 3/4" orbital cold-forged king pin
- Hardened, single ball race way for extra strength
- Gray epoxy powder coated

#### **Options**

- Foot Brake (Can be factory or field installed) on swivel and rigid casters
- eg- FB-322 Available with roller bearing wheels, contact sales office for details

Item #	Wheel Size	Bearing Type	Style	Wheel Type	Overall Height	Load Capacity
